Haseeb Ahmed

Software Engineer

I am a multi-disciplinary problem-solver with a passion for technology and innovation. With a solid foundation in C++ and data structures, as well as intermediate-level expertise in 3D modeling using Blender, I have a unique ability to approach problems from multiple angles and deliver creative solutions. I am a fast learner with a keen eye for detail, and am always eager to learn and improve my skills. My goal is to leverage my technical expertise.
